

Virtual and Real Operations Centers

1. Local Offices in Gan / DG

- a) Aircraft observation coordination (- 45 days)
- b) Collection of Observations (images)
- c) More general matters including soundings (EOP)

Communication

Daily (within Local office)

Weekly (with main centers, e.g. 17 LT)

Question ... Who will be in charge ?

2. Main Centers (= Data Centers in JAMSTEC and EOL)

a) CINDY/DYNAMO Web

Daily Report including basic plots

Support Data (ex. Satellite, forecast, etc.)

b) Science & Operations Committee (e-mail basis)

Exchange the latest information

Decision Making

CINDY/DYNAMO Science (& Operation) Committee

TASKs:

- 1) Act as a contact point for participating country or project
 - 2) Coordinate operation and meetings before/during/after the campaign
 - 3) Exchange the latest information
 - 4) Decision making
- * Email correspondence is basis
 - * Upload key infos on CINDY/DYNAMO Web
(PW restriction, if necessary)
 - * Notice the member names to CLIVAR Office (but unofficial)

Science Committee and/or Operation Committee ?

Same for general issues

Different for specific topics -> WGs (e.g. Aircraft)
