

DATA ISSUES:

Not all data submitted – need to submit as soon as possible

Need to abide by format rules, including documentation

Numerous requests for “Master Table of Contents” of all available data and model output

Unified web site

Under discussion: additional staffing help for data management and web tools development

CONTINUE COLLABORATIONS BY TOPIC

Start with same co-leaders as this week, and modify as needed.

PUBLICATION POLICY

Special issue of ACP, but ok to publish elsewhere

Dec 2007 – special issue 1

Dec 2008 – special issue 2

Will set up password-protected web site containing all submitted papers
need a mechanism for updating this web site as papers evolve
include pre-submission manuscripts?

Copyright not an issue if password protected and only for use by participants, but
Nature and Science may have special rules against early dissemination – need to check
Searchable by keyword?

Proper attribution, acknowledgment mandatory. See data policy on MILAGRO web site.

THIS MEETING:

Presentations to be posted on web, password-protected

List of papers - needs to evolve

Posters will also be posted if authors agree
